

## **Workshop: DNA barcoding of Northeast Asian Fishes**

The 2<sup>nd</sup> International workshop on DNA barcoding of Northeast Asian Fishes: Population, Species, and Phylogeny” will be held in Seoul, Korea, from June 17 to 19, 2010. The workshop will feature the recent fish DNA barcoding and species identification technologies, population analysis, molecular ecology and phylogeny of Northeast Asian fish. It will provide an open forum for establishment of regional cooperation.

The workshop offers the following sessions:

Session 1: DNA barcoding of the fish: recent technologies and international initiatives

Session 2-3: DNA barcoding and species identification

Session 4-5: Population analysis and molecular ecology

Session 6: Molecular phylogeny

Session 7: Discussion; Regional cooperation and future plan

**For more details on the workshop, contact with Dr. Youn-Ho Lee ([ylee@kordi.re.kr](mailto:ylee@kordi.re.kr)) or the organizing secretariats (Ms. Dageum Jeong, [forkrain@kordi.re.kr](mailto:forkrain@kordi.re.kr); Mr. Kazi Ahsan Habib, [habib@kordi.re.kr](mailto:habib@kordi.re.kr)).**
